| <b>Total Utility Fee</b>                    | <b>\$</b> |  |

## GENERAL CONDITIONS

1. No unauthorized person shall uncover or make any connections to a utility without first obtaining a written permit from the City.
2. Water service requirements are detailed in the most current version of the City of Astoria Resolution Establishing Rules, Regulations, Rate Charges and Conditions for Water Service ([Water Resolution](#)).
3. Sewer and storm service requirements details are in the most current version of the City of Astoria Resolution Establishing Rules, Regulations, Rate Charges and Conditions for Sewer Service ([Sewer Resolution](#)).
4. Utility construction in the public right-of-way shall be completed by a Contractor that is licensed and bonded in the State of Oregon.
5. Meter and service size must meet the minimum requirements of the Water Resolution. Actual line size needed may be greater than the minimum depending on number of fixtures, elevation of fixtures, water main pressure and other factors. Determining the line and meter size for non-standard installations is the responsibility of the owner, and should be determined by an engineer. Owner is required to obtain a plumbing permit for work outside the public right-of-way.
6. The applicant for the building sewer permit shall notify the Engineering Division office when the sewer is ready for inspection and connection to the public system. The connection shall be inspected

Updated 12/01/2023

## GENERAL CONDITIONS, *Continued*

by the City Engineer, or his representative, prior to backfilling. Inspections are required at time of connection to the City's main and also before and after sidewalk and pavement restoration in the City right-of-way. Call the Engineering Division office at 503-338-5173 at least 24 hours in advance to schedule an inspection.

7. Utility service connections and restoration details shall be completed according to the City of Astoria [Design Standards](#) and [Standard Details](#); a copy may be obtained by calling 503-338-5173.
8. Contractor shall provide erosion and sediment control to prevent sediment laden runoff from entering the City's storm drain system or adjacent properties during construction.
9. Contractor shall have sufficient experience, personnel and equipment for the type and scope of work to be performed and shall hold current Oregon contractor's license. The City of Astoria reserves the right to require proof of experience and refuse to allow a Contractor with insufficient qualifications to work in the right-of-way.
10. The Contractor agrees to defend, indemnify and hold harmless the City, its agents, officers, elected officials and employees from and against all claims, demands and judgments (including attorney fees) made or recovered against them including, but not limited to, damages to real or tangible property or for bodily injury or death to any person, arising out of, or in connection with this Permit, to the extent such damage, injury or death is caused or sustained in connection with the negligent performance or willful misconduct of Contractor, or its employees, agents or subcontractors.
11. Contractor shall at all times, while performing work associated with this permit, carry a Commercial General Liability insurance policy for at least \$1,000,000 combined single limit per occurrence and at least \$2,000,000 in the aggregate per project, for Bodily Injury, Property Damage, and Personal Injury. This insurance must be primary to and non-contributory with any insurance, including any self-insurance or retentions carried by the City. The property owner acknowledges that this requirement has been met by signing the application below. Proof of insurance may be requested, including policy endorsement for the City of Astoria, as required by the City Engineer.
12. This permit grants no rights to trespass on adjacent property and in no way relieves the Owner and Contractor from their liability for any damages caused by their act of grading or subsequent failure to request inspection by the City. Materials deposited on City streets or walks shall be promptly removed.
13. Oregon law requires you to follow rules adopted by the [Oregon Utility Notification Center](#). Those rules are set forth in OAR 952-001-0010 through 952-001-0090. You may obtain copies of the rules by calling the Center at 503-232-1987.
14. Approved application is only valid 90 days from the date of issuance.
