

Just want to say as an Astoria resident and
homeowner that I am fully in support of
the Heritage Square project, Housing First works.
We need more low & mixed income housing
in Clatsop County. No more hotels or breweries!

* Since the homeless issue is larger than Astoria, what role or responsibility does Clatsop Co. and Warrenton ^{have} towards a solution?

2. Since the mayor + 2 City Councilors are leaving their positions, why not delay any final decision on Heritage Sq. to the new Council?

I am in Support of affordable housing. We desperately need it as a sustainability plan for our city.

When talking about home/homelessness, please include those couch surfing.

~~can~~ with housing need so much (high)

Why is the City not working with
Cary Johnson to build his Apartments
at Tongue Point? Seems like the
City would work with him not
against him.

This will effect the local
businesses. Down town as
well as the senior center.

What is being done to
address that?

Theresa

Why that location?

Why can't it be in a different location in town?

There are so many other places to build it.
a location for example ~~near~~ where the little
customs house is. That way tenants can have
access to food shopping like Safeway.

Heritage Sq >

What are the
critical ~~dates~~ going
forward? Include ^{construction}

Why not next year
after more vetting
and more alternatives

Jay R Astoria

How MANY Affordable housing units are needed in the county? What's the projection in the next decade?

~~How many~~ what is the need (# of residents) that ^{now} do not receive mental health services at this time
(How is that determined?)

~~Is~~ Is There Stable funding for this ~~need~~ ON-going need?

~~Is there a housing unit~~

As a homeowner here in Astoria,

Will any of the costs be passed

to the taxpayers? Down the road if there

is a cost of construction override? We have

high property taxes here in Astoria!

Also, the old Safeway parking lot where Sunday Mkt
is held, is a well used and needed pkg lot!!!

WHY ARE BUSINESS & CITIZEN ASKING TO
GIVE UP WHAT THEY WANT SO THAT OTHERS
GET SUPPORT OF SERVICES? THERE ARE OTHER
LOCATIONS TO BUILD THOSE SERVICES.

NOT HERITAGE SQUARE.

THERE IS NO CREATIVE THINKING.
DEVELOPING HERITAGE SQUARE SHOULD NEVER
BE USED IN THE SAME SENCE AS BUILDING
SUPPORT SERVICES!

How can the Merwyn
be improved to make
it meet the goals set
out, and make it
successful and a good
place to live? ✓

Mr. Mayor →

Given that this project
relies on state & federal
not county/city funding, how
do you think state & federal
funders react to the division in
the community

As the former DA, does anyone understand
that the BSAFE gas is implicated only
by criminal laws.

How many Locations have been
looked into? For the Apt. you HAVE
Been considering For downtown.

We need a Detox Center here,
we need a LIVE-in CARE Center For
the mentally ill. We have them For the
elderly. I think they ARE just As needy
as the Elderly and just as Vulnerable. C

The Property across From Astoria
Grooming For Apts. Bus Line There
& Safeway. Why not?

Amy Baker-

I've been impressed with the Promises you've made for CBH services. But follow through has been lacking. Can you speak to that?

- Transition House Seaside w/ five beds to bring homeless folks in to transition to rehabilitation for drugs & alcohol.
- Community housing apartments under CBH Clinic in Seaside to be used for developmentally disabled folks to be in community housing.

Kathleen Macdonald
971-404-7192

~~FOR Mayor Bruce~~ - When The Maritime
~~Museum~~ was built - IT displaced a Trader
Court That housed many "Lower income" folks
(Clouvolds park lot)
Are There any plans going forward for
Developments That Displace this population to
Mitigate this loss, I.e build more low
income places?

In response to David Reed,
Our economy has improved
& it has caused housing prices
to skyrocket. What can
we do to protect against
gentrification?

Is the City planning to ~~make~~
streamline the process for home
owners to build ADU's? This
could help ease the housing
crisis in Astoria by increasing supply.

EMPATHY WITHOUT BOUNDARIES IS SELF-DISTRACTION

THE DOWNTOWN AREA SHOULD BE PRESERVED FOR THE BENEFIT OF ALL RESIDENTS, VISITORS, AND BUSINESSES.

A HOUSING PROJECT HAS BEEN PROPOSED FOR THE FORMER SAWWAY SCORE AREA. THIS AREA IS NOT APPROPRIATE BECAUSE IT WILL INCREASE POPULATION AND PARKING ISSUES TO THE DOWNTOWN

- ① HOW WILL THE CITY PAY FOR HOUSING WHEN WE CAN'T AFFORD TO KEEP UP OUR PARKS?
- ② HOW WILL WE SUSTAIN THE U/KEEP OF THIS HOUSING?
- ③ WHY HAVEN'T WE BEEN OFFERED ALTERNATIVE HOUSING SITES BESIDES DOWNTOWN? ONE SITE SUGGESTION WOULD BE THE "ASTORIA V

THE ASTORIA YACHT CLOB. THE EXERCISE
PROGRAM & DAYCARE (IF THEY STILL EXIST)
COULD BE MOVED. THIS AREA WOULD
ALSO PROVIDE PARKING AND NOT
CONTRIBUTE TO DOWNTOWN CONGESTION

Allison Hart - moderator

- 1) Has the City or County Social Services met with the owners of Emerald Heights?
They provide 300 worker housing units and could potentially provide many more units.
- 2) Has the City looked at alternate sites for worker housing? What about the Heritage Plaza site made it best?

"national crisis" - can't be solved by small community like Astoria.

Instead of spending over a quarter of a million dollars, on one single toilet, a toilet that is specifically designed to prevent vandalism, illegal drug use, and prostitution, why not spend that money on the specific problem, which in this case, would be homelessness. What percentage of homeless in Astoria are actually from Astoria? What about spending that money on a tiny pod community instead on one single toilet?

The first step in problem solving, is to clearly state the specific problem that needs to be solved. Otherwise, you're going to keep throwing darts, without having a dartboard. And that's exactly what is happening with the proposal to put an unwanted building at Heritage Park. Just throwing a dart. (As would be my question about putting in tiny pods. It's impossible to solve a problem without data, and a specific problem statement.)

Being that Astoria's main source of revenue is tourism, have the implications been thought out that this project would have zero effect or a possible detrimental effect on downtown and downtown businesses which centers on tourism? And, wouldn't something which would increase revenue and cater to Astoria's booming industry, which promotes the livelihood of its residents, be a better idea for Heritage Square?

Kenneth A Barnhart
1379 Madison Avenue
Astoria, Oregon 97101

Input to the City of Astoria on the Development of Heritage Square

The City of Astoria, like many small towns, has had to adapt to changing economic conditions. It had lost its traditional industries, fishing and timber processing. Big box, national chain retailers made many small downtown businesses unprofitable and many were forced to close. Astoria did not escape these problems, but adapted to the changing conditions.

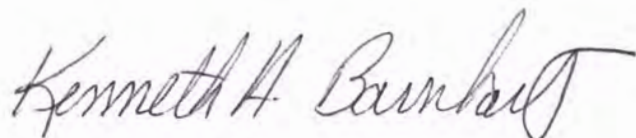

Astoria realized that it's strategic location on the Pacific coast and alongside the Columbia River made it desirable as a recreation/tourist destination. Being within driving distance of Seattle and Portland made Astoria accessible. Astoria's rich historic heritage was also an important tourism draw. Like many tourism destinations, Astoria also has become an active center for the arts. The Liberty theatre, historic visitor sites like the Flavel House, the Maritime Museum, the County Historic Museum, Fort Clatsop, the Film Museum, and the cities historic business district and many Victorian era homes create an attractive atmosphere for visitors. Hotels, restaurants and breweries now occupy former business buildings and accommodate Astoria's tourist industry. The River Walk and redevelopment of the Mill Pond have improved the river fronts appearance and helped tourists and residents access the river. Astoria has also become attractive to retirees, bringing new residents and renewed energy to Astoria.

The focus of Astoria city government throughout the recent past was to revitalize and enhance the city. Many changes have been made. The City has successfully adapted, but the city must not forget it is heavily dependent on tourism.

The purchase of the Safeway property and creation of Heritage Plaza were part of the cities adaptation to a visitor/tourism/arts economy. The central business core has transitioned quite well, but empty buildings are still prevalent. More can be done to grow the tourist industry in Astoria.

The Cities proposal to abandon completion of Heritage Plaza in order to provide low income housing in central core would be a mistake of epic proportion. It would negate many efforts and investments made to revitalize and enhance the vitality of Astoria's business district. It would, in fact, likely do the opposite. There are better locations for low income housing, as well as locations that provide more long term expansion possibilities. No one wants to examine first hand the shortcomings of society while on vacation.

I ask that the city to end its investigation into developing low income housing in the central business core and focus instead on alternate locations better suited to this need.

A handwritten signature in black ink, reading "Kenneth A. Barnhart". The signature is written in a cursive, flowing style with a large, stylized "K" and "B".

RE: HERITAGE SQUARE

On this date, our office received the following 49-page petition:

"We, the undersigned, appeal the decision to give Heritage Square away to Edlen & Co."

The petition has been added to the Heritage Square comments file and distributed to the developer, Edlen & Co., as well as to City Council for their review.

Regards,

Tiffany Taylor
Associate Planner

Encl: Petition

What about... **HERITAGE SQUARE**

Astoria's Heritage Square block is singularly the **most significant piece of public property in the City of Astoria**, with the greatest potential of any other piece of land in the City's inventory.

What ultimately happens there is pivotal and permanent for the direction of our City.

The location is uniquely central to our Historic Downtown, right next to Astoria City Hall.

The City, when it acquired the site, was fully aware of the developmental potential impacts of this location to our City. We couldn't have this site's fate just be cast to the wind as to how it might be redeveloped. The location was too critical, too impactful to leave it to chance. That is why the City originally acquired it.

The redevelopment of this site, whatever that ends up being, represents a **critical turning point for the revitalization of our uniquely historic downtown**. The redevelopment of the site marks either a continuation of the resurgence and rebuilding of our downtown that started some 25 years ago, a revitalization which fully embraced the **proven tenets of Main Street redevelopment strategies**, or it will forever change our downtown into something else entirely, something different, something inconsistent with those solid **urban planning goals the City and downtown businesses have been working towards for the last quarter of a century**.

One of the basic tenets of successful urban planning in a busy downtown environment, and a common goal for Main Street strategies, is making room for a downtown open public space. Making a place where a great variety of public events may occur. Gatherings, festivals, markets, music, theater, relaxation, and just simple relaxation and play. The heart of our town. This **strategy is proven to be a powerful generator for sense of community and a solid engine for economic stimulus and opportunity**. There are numerous studies that verify this. Not wishful thinking, but proven benefits.

The Heritage Square site was deemed perfect for just this purpose, as no other site could ever fulfill this purpose, and a very engaged public bought in to this strategy after months of engagement with a proactive and thoughtful, forward thinking City government.

But now, staggeringly, this critical site, this very heart of our Downtown is on the bargaining table without anywhere near what would be the barest of due diligence having been performed on part of our good City, to redevelop it in an entirely different direction from what the public had bought into, and this has happened without the kind of critical debate and public engagement and due diligence such a critical site deserves. There have been no impact studies. None.

No thorough, thoughtful investigation of other possible locations for the development of affordable housing, not only with public property on the table, but private properties as well, for location, after all, matters.

LOCATION, LOCATION, LOCATION. That is what will matter for the two separate missions of affordable housing and Clatsop Behavioral Health to really succeed. There have been no studies as to reveal what the impacts of these two endeavors will actually have on our downtown. This is not the kind of process that can be done without us, the owners of this property being fully informed and cognizant of what we should really expect to happen. We have tools to examine these outcomes, tools to take as much of the guesswork out of it as possible. That is what good urban planning is all about. But, no such tools have been employed.

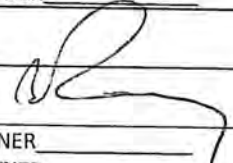

Best wishes and best intentions are NOT GOOD ENOUGH here. **This site is simply too critical and irreplaceable not to have done the requisite and thorough due diligence that is fitting for this unique location.**

This process and the fate of the Square and of our Historic Downtown has got to be a fact based and thorough examination of all the impacts of what is being proposed. Impacts such as parking, impacts on CBH clients, and the impacts of those CBH clients on a downtown setting, impacts on our downtown merchants, on our blossoming tourist trade, on the Liberty Theater, The Eliot Hotel, the Senior Center, the American Legion, the tour boats, and on and on. **This location, and what happens or does not happen there will have a lasting and major impact on the immediate and entire area, so we had damn sure better get it right.**

For the City to give this property away, this most important piece of public **property in the very heart of our downtown**, over to a private developer whose sole purpose is to make money, without first conducting thorough and relative impact studies, having first had thorough and open public conversations, and first having acquired a meaningful public buy-in, is simply not acceptable.

~~WE~~ expect far better from our City government and demand a far more accountable process.

We, the undersigned, appeal the decision to give Heritage Square away to Edlen & Co.
